## FREE COLLEGE WITH NEW MEMBERS ONLY BENEFIT

UFCW has partnered with Eastern Gateway Community (EGCC) College to bring free college to UFCW 951 members and their children, spouses, grandchildren and dependents. Through this partnership, UFCW 951 members and their family members will have access to free online college courses at a regionally accredited school. Tuition, fees and textbooks are included. Students will need to have access to a computer and the internet to participate in the free college program.

“Higher education is a great tool for people to use to build a strong foundation for their lives, but for many the high cost of attending college prevents them from continuing their education,” John Cakmakci, UFCW 951 president, said. “Your union knows that the expense of obtaining a college education can be an immense burden for many families, so we have decided to be a part of this program to help ease that burden on our members.”

Members have the opportunity to earn associate degrees in Criminal Justice, Business Management, Early Childhood Education or an Associate of Arts. Additional course studies will be added as the program grows.

Eastern Gateway Community College is a public college located in Steubenville, Ohio. The college is part of the University System of Ohio and regionally accredited by the Higher Learning Commission. As such, credits earned at this school can be transferred to other institutions across the country.
